

**To Whom It May Concern**

**Subject: Invitation Letter - European Union Action - PRIMA Action**

This is to certify that, as part of the project titled “Integrated Approaches at Local Scale for Enhancing Water Reuse Efficiency and Sustainable Soil Fertilization from Wastewater's Recovered Nutrients - CIRQUA,” under the PRIMA Programme, a scientific meeting will be held in Greece.

We are pleased to announce that **Prof. Mohammed Reda Brútel** (Passport No. AR458286), from the Kingdom of Morocco, will participate in this meeting, taking place at the Lab of Systems Microbiology and Applied Genomics, Department of Sustainable Agriculture, University of Patras, from **December 2, 2024, to December 6, 2024**.

For any further details please do not hesitate to contact me.

Agrinio, 8<sup>th</sup> October 2024

Professor George Tsiamis

Head of the Lab Systems Microbiology and Applied Genomics
